Jeffers Design Group

Jeffers Design Group, California, USA. Recognised as one of the most dynamic designers of his generation, through his urbane use of colour and pattern Jeffers has established a cool, collected style that is very much his own. Recent projects range from a classic Manhattan residence to an historic San Francisco estate to a mid century modern-inspired home in Los Angeles. In 2011, Elle Decor named Jeffers to a coveted position on its A-List of the country's top 25 interior designers and he has been widely published in the U.S. and internationally. Jeffers launched his first retail venture, Cavalier, in San Francisco in 2012. His design philosophy is inspired by Billy Baldwin's mantra 'Interior design is the art of arranging beautiful things, comfortably.'
